

A photograph of the Great Pyramids of Giza in Egypt. The pyramids are made of golden-brown sandstone and are set against a bright blue sky with scattered white clouds. The Great Pyramid of Khufu is the largest and most prominent in the center. To its right is the slightly smaller Pyramid of Khafre, and further right is the smallest, Pyramid of Menkaure. The pyramids cast long, dark shadows on the sandy desert floor. In the bottom right corner, a few small figures of people and camels can be seen, providing a sense of scale.

Seven Wonders of the Ancient World

Seven Wonders of the Ancient World

- Great Pyramid of Giza, Egypt
- Hanging Gardens of Babylon
- Statue of Zeus at Olympia
- Temple of Artemis at Ephesus
- Mausoleum at Halicarnassus
